Complaints concerning the content or use of instructional materials, including textbooks, supplementary instructional materials, library materials, or other instructional materials and equipment, shall be properly and fairly considered using established complaint procedures.

Parents/guardians are encouraged to discuss any concerns regarding instructional materials with their child's teacher and/or the school principal. If the situation remains unresolved, a complaint may be filed using the process specified in the administrative regulation.

The district shall accept complaints concerning instructional materials only from staff, district residents, or the parents/guardians of children enrolled in a district school.

When deliberating upon challenged materials, the Superintendent and/or review committee shall consider the educational philosophy of the district, the professional opinions of teachers of the subject and of other competent authorities, reviews of the materials by reputable bodies, the teacher's stated objectives in using the materials, community standards, and the objections of the complainant.

Complainants are encouraged to accept the Superintendent's or review committee's decision. However, if the complainant finds that decision unsatisfactory, he/she may appeal the decision to the Board.

The district's decision shall be based on educational suitability of the materials and the criteria established in Board policy and administrative regulations.

When any challenged instructional material is reviewed by the district, it shall not be subject to further reconsideration for 24 months, unless the Superintendent determines that reconsideration is warranted.

Complaints related to sufficiency of textbooks or instructional materials shall be resolved pursuant to the district's Williams uniform complaint procedure at AR 1312.4.

Investigations of discrimination complaints shall be conducted in a manner that protects confidentiality of the parties and the facts. (Title 5, Section 4630)

All parties involved in allegations shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

Should there be a need to file a complaint against the district as provided for in BP 1312.3, Community Relations, Uniform Complaint Procedures, the following regulations must be implemented:

A signed complaint form must be received at the school site and/or district administration office specifying in detail the complaint and containing relevant facts. The complaint is sent to the Educational Services Office for entry into the logbook. The Superintendent informs the site principal or department head to respond to the complaint. The response must be made in the complainant’s home language and must be submitted to Educational Services within ten (10) working days.

] Following the receipt of the requested response, a written report of findings is sent to the complainant by the Educational Services office. If the response is acceptable to the complainant, the process ends here. If the complainant finds it necessary to continue the process due to unresolved issues, he/she must proceed as follows:

] The complainant must send to the Superintendent as a written appeal as soon as possible. An investigation is conducted by the respective administrator(s), utilizing any additional information shared by the complainant. A second written report of findings (in the complainant’s home language) must be prepared within ten (10) working days and be sent to the Superintendent’s Office with copies to the Board of Trustees. The Superintendent or designee reviews the written appeal and all reports of findings relative to the complaint. The Superintendent’s office prepares a written report of findings (in the complainant’s home language) within ten (10) working days and forwards it to the complainant. If this second investigation and report meets the needs of the complainant, this step is considered final.

This report shall include:

1. The findings and disposition of the complaint, including corrective actions, if any.
2. The rationale for the above disposition.
3. Notice of the complainant’s right to appeal the decision within 15 days to the California Department of Education and procedures to be followed for initiating such an appeal.
4. A detailed statement of all specific issues that were brought up during the investigation and the extent to which these issues were resolved.

] If the complaint is still considered unresolved, the complainant may ask to have it forwarded to the Board of Trustees for a final review. **Note:** Complaints related to compensatory education programs must be made to the California Department of Education, not the Board of Trustees.

] If Board review is requested by the complainant and considered appropriate by the Board President, the complaint will be scheduled for review at a future Board meeting (preferably during Closed Session). The Board of Trustees has thirty (30) working days to review the complaint. After reviewing the complaint, the Board of Trustees will instruct the Superintendent’s Office to prepare a final response for the complainant. The response will be sent during the thirty (30) day period referenced above and will be considered as the final step of the process.

If an employee is disciplined as a result of the complaint, this report shall simply state that effective action was taken and that the employee was informed of the district expectations. The report shall not give any further information as the nature of the disciplinary action.

**APPEALS TO THE CALIFORNIA DEPARTMENT OF EDUCATION
(For Compensatory Education Program Complaints Only)**

If dissatisfied with the district’s decision, the complainant may appeal in writing to the California Department of Education within 15 days of receiving the district’s decision. For good cause, the Superintendent of Public Instruction may grant an extension for filing appeals.

CATEGORICAL PROGRAM INFORMATION

Categorical Programs are federal and state authorized programs in which funds must be used for specific purposes and student population as established by legislation. Such funds must be used in a supplemental manner. All LMUSD schools offer students with special needs the same kinds of high-quality learning opportunities and access to the base curriculum in all curricular areas. Categorical funds support additional assistance to help special needs students succeed in the regular classroom program. The focus is on the effective utilization of supplementary materials, personnel, and staff development. Staff development activities are used to improve instructional practices and strategies to increase the ability of teachers and other staff to challenge and assist all students to reach their full potential.

General district funds provide support for the district's base curriculum program. Some students have special characteristics, not reflective of the general school population, that affect their success in the base programs. Some come from economically disadvantaged homes; some are educationally disadvantaged or lack English language proficiency because they have a primary language other than English. Students, such as those described above, require supplemental services and materials not generally provided through the base curriculum program. The students' needs are identified and supplemental services and materials are planned and targeted to meet their special needs. Categorical funds are to be used to provide the financial support to meet these special needs.

Categorical Programs

1. **Title I, Part A – (Improving the Academic Achievement of the Disadvantaged)** – A federally –funded program to provide high-quality opportunities for student in high-poverty schools to meet district and state content and performance standards.
2. **Title II, Part A – Teacher Quality** – A federally-funded program focused on enhancing the expertise of teachers and other school staff to enable them to teach all children in the core academic subjects. All LMUSD schools benefit from these funds.
3. **Title III – Language Instruction for Limited English Proficient students** – A federally-funded program to focus on assisting school district in teaching English to limited English proficient students (English Learners) and helping these students meet the same challenging State standards required by all students.
4. **Title IV, Part A –Every Child Succeeds Act (ESSA)**- A federally-funded program focused on increasing the capacity of local agencies (LEAs) to meet the goals of the Elementary and Secondary Education Act (ESEA) by providing all students with access to a well-rounded education, improving school conditions for student learning, and improving use of technology in order to improve the academic achievement and digital literacy of all students.

The goal of the LMUSD staff is to create and maintain the best educational environment possible. This can be accomplished with your support and input. If you have any questions, concerns, or would like to become more involved in the educational process at your school, please contact your school principal. To learn more about categorical programs you may want to become involved in your school's School Site Council (SSC), English Learner Advisory Committee (ELAC) and/or attend the Annual Title I Parent Meeting. Each school will send information about these activities home during the fall. We look forward to your involvement.

DIABETES, TYPE 2, INFORMATION (Education Code 49452.7)

Type 2 diabetes in children is a preventable/treatable disease and the guidance provided in this information sheet is intended to raise awareness about this disease since Type 2 Diabetes is the most common form of diabetes in adults. Type 2 diabetes affects the way the body is able to use sugar (glucose) for energy.

- ┆ The body turns the carbohydrates in food into glucose, the basic fuel for the body's cells.
- ┆ The pancreas makes insulin, a hormone that moves glucose from the blood to the cells.
- ┆ In type 2 diabetes, the body's cells resist the effects of insulin, and blood glucose levels rise.
- ┆ Over time glucose reaches dangerously high levels in the blood, which is called hyperglycemia. Hyperglycemia can lead to health problems like heart disease, blindness, and kidney failure.

Researchers do not completely understand why some people develop type 2 diabetes and others do not; however, the following risk factors are associated with an increased risk of type 2 diabetes in children:

- ┆ **Being overweight.** The single greatest risk factor for type 2 Diabetes in children is excess weight. In the U.S., almost one out of every five children are overweight. The chances are more than double that an overweight child will develop diabetes.
- ┆ **Family history of diabetes.** Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.
- ┆ **Inactivity.** Being inactive further reduces the body's ability to respond to insulin.
- ┆ **Specific racial/ethnic groups.** Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type 2 Diabetes.

- ┆ **Puberty.** Young people in puberty are more likely to develop type 2 Diabetes than younger children, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms Associated with Type 2 Diabetes

Warning signs and symptoms of type 2 diabetes in children develop slowly, and initially there may be no symptoms. However, not everyone with insulin resistance or type 2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has type 2 diabetes.

- ┆ Increased hunger, even after eating
- ┆ Unexplained weight loss
- ┆ Increased thirst dry mouth, and frequent urination
- ┆ Feeling very tired
- ┆ Blurred vision
- ┆ Slow healing of sores or cuts
- ┆ Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- ┆ Irregular periods, no periods, and/or excess facial and body hair growth in girls
- ┆ High blood pressure or abnormal blood fats levels

Type 2 Diabetes Prevention Methods and Treatments

Healthy lifestyle choices can help prevent and treat type 2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels.

- ┆ Eat healthy foods. Make wise food choices. Eat foods low in fat and calories.
- ┆ Get more physical activity. Increase physical activity to at least 60 minutes every day.
- ┆ Take medication. If diet and exercise are not enough to control the disease, it may be necessary to treat type 2 diabetes with medication.

The first step in treating type 2 diabetes is to visit a doctor. A doctor can determine if a child is overweight based on the child's age, weight, and height. A doctor can also request tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (a condition which may lead to type 2 diabetes).

Types of Diabetes Screening Tests That Are Available

- ┆ Glycated hemoglobin (A1C) test. A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.
- ┆ Random (non-fasting) blood sugar test. A blood sample is taken at a random time. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes. This test must be confirmed with a fasting blood glucose test.
- ┆ Fasting blood sugar test. A blood sample is taken after an overnight fast. A fasting blood sugar level less than 100 mg/dL is normal. A level of 100–125 mg/dL is considered pre-diabetes. A level of 126 mg/dL or higher on two separate tests indicates diabetes.
- ┆ Oral glucose tolerance test. A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 2 diabetes in children is a preventable/treatable disease and the guidance provided in this information is intended to raise awareness about this disease. Contact your student's school nurse, school administrator or health care provider if you have questions.

SUBSTANCE ABUSE (Board Policy 5131.6(a))

The Governing Board of the Los Molinos Unified School District recognizes the serious nature of substance abuse by youth. They also recognize that, while the schools play a role in the prevention of substance abuse, the entire community must shoulder this immense responsibility.

Understanding the importance of the District’s role in the prevention of substance abuse, the following policy is hereby set forth:

Drugs and Alcohol

Tobacco

The Board of Trustees recognizes that smoking presents a health hazard, which can have serious consequences, both for the smoker and the non-smoker and is therefore, of concern to the Board. Students shall not be allowed to smoke or possess tobacco on school property or during school hours within the immediate property of the school or during school sponsored activities. Students who violate this policy shall be subject to disciplinary procedures and may be subject to suspension and citation.

The use of tobacco products at any time on District property and in district vehicles is prohibited. This includes any meeting on any property owned, leased or rented by or from the District. The prohibition applies to all employees, students, visitors and other persons at any school or school-sponsored activity or athletic event.

Student Sexual Harassment/Bullying (Protected Class)

The Governing Board prohibits the unlawful harassment/bullying (protected class) of any student by any employee, student or other person in or from the District. Teachers shall discuss this policy with their students in age- appropriate ways and should assure them that they need not endure any form of sexual harassment.

Any student who engages in the sexual harassment/bullying (protected class) of anyone in or from the District may be subject to disciplinary action up to and including expulsion. Any employee who permits or engages in sexual harassment/bullying (protected class) may be subject to disciplinary action up to and including dismissal. The Board expects students or staff to immediately report incidents of sexual harassment/bullying (protected class) to the principal or designee or to another District administrator.

Any student who feels that he/she is being harassed or bullied due to a protected class, should immediately contact the principal or designee at his/her school to report the allegations and to obtain a copy of the District’s sexual harassment/bullying (protected class) complaint procedures. Complaints of harassment can be filed pursuant to these procedures. Please contact your school site principal or the District’s Title IX Officer to obtain a complaint form.

The District prohibits retaliatory behavior against any complainant or any participant in the complaint process. Each complaint of sexual harassment shall be promptly investigated in a way that respects the privacy of all parties concerned.

During Suspension:

1. Student shall not report to school during the period of suspension, except in the case of on campus suspension (OCS), or by appointment, arranged prior with a school administrator. Student is expected to be under the supervision of parent during school hours when serving suspension days at home (7:00 a.m. – 4:30 p.m.). Any violation will be treated as trespassing, which is an arrestable offense.
2. Student may not attend any school event during suspension. **Students may not participate in extra-curricular activities (including athletics) during a home or on campus suspension.**
3. The responsibility of obtaining and doing class work lies with the student. The teacher may require the student to complete any assignments and tests missed during the suspension (E.C. 48913).

5. Students and parents have a right to appeal disciplinary action taken against a student. Appeals must be based upon a procedural violation. The type of discipline or the consequences for specific violations (number of days suspended, etc.) may **not** be appealed.
6. Los Molinos Unified School District is not liable for any lost, stolen, or damaged student personal property even if the property is under the control of District staff.
7. **Vehicles subject to search on school property.** By entering school property, the person driving any vehicle is deemed to consent to a complete search of the vehicle (all its compartments and contents) by school officials or law

10. The Superintendent has been designated to process all expulsions, danger hearings, discipline appeals, voluntary/involuntary transfers and other issues not directly stated that encompass student discipline, attendance and/or transfers.

11. As the Los Molinos Unified School district is aware of the impact of removing students from instructional settings, alternatives to suspension may be used in lieu of off-campus suspensions or as a means to reduce the number of days of suspension. Alternatives to suspension include, but are not limited to, restorative justice practices, counseling, community service, peer mediation, writing apology letters, and participating in conflict resolution.

PROCEDURAL SAFEGUARDS AND DUE PROCESS

1. All students, no matter the violation, have due process rights. If a student's due process rights are violated in any way, the recommendation for any disciplinary procedures may become moot.

2. A thorough investigation is completed for all violations. This includes witness statements from the student in question and any other students involved. These must be signed under penalty of perjury. Adults involved also complete witness statements signed under penalty of perjury.

3. An initial suspension letter is completed and sent home following a verbal parent notification. An information conference with the student is held, unless the student is not available.

4. If the violation is an expellable offense or an offense, the Site Principal has a meeting with parents to review the recommendation to the preliminary expulsion panel.

5. The Preliminary Hearing Panel then has the authority to extend the suspension and support the recommendation for expulsion.

6. A letter reviewing the results of the preliminary expulsion hearing meeting is sent to the parents upon completion of the meeting. The letter outlines the outcome of the meeting, the rationale for the outcome, E.C. citations supporting the outcome and any requirements the pupil must abide by. If the recommendation is expulsion, the re-entry criteria are specified.

7. The LMUSD sends a registered letter scheduling the Administrative Panel Hearing at least 10 days prior to the Panel Hearing.

8. An informational packet is compiled for an Administrative Hearing Panel. This packet includes all relevant background investigation information and witness statements (upon parental approval). If the parents fear for their child's safety, a request for anonymous witness form must be completed. If either of these forms is not completed, the documentation is not allowed as evidence. The school also has the option to call students who were involved as a witness; however, the district does not have the authority to mandate their participation.

9. All information is available to the Superintendent and or Designee prior to the Administrative Panel Hearing.

10. Although not stated on each offense, there are certain infractions specified in E.C. 48915 that the Principal or Principal's designee may outline as to why the recommendation for expulsion is not appropriate due to a particular circumstance. If this is the case, in any given expulsion recommendation, the school will submit a letter at the Preliminary Expulsion Panel meeting stating the particular circumstance. The Preliminary Expulsion meeting representatives have the final authority to accept the recommendation.

11. If the policy outlined in this code is not followed, the increases in consequences may not be applicable. For example, if a student is caught using alcohol, a referral to appropriate services should be made. If that referral is not made, and followed through with to the best of the school's ability, the second infraction may again be treated as a first infraction. This is not to take away the parent's responsibility. If they refuse services or indicate they have their own help, the next offense will be treated as a next offense.

12. For the purposes of determining consequences for successive behavioral infractions, the District will review behavior for the past twenty-four (24) months. In the event of an expulsion hearing, SARB hearing or transfer off campus, a pupil's entire behavioral and academic history will be reviewed.

13. If there is a conflict between this policy and the California Education Code, the California Education Code will prevail.

14. The Tehama County Sheriff School Resource Officer (SRO) may arrest or cite any student for violation of certain Education and Penal Codes. Field tests and/or breath analyzers will be conducted on any students suspected of being under the influence of drugs or alcohol.

DISTRICT RULES REGARDING STUDENT DISCIPLINE (Education Code 35291)

The governing board of each school district maintaining grades one through twelve shall notify the parents or guardians of the availability of rules regarding student discipline.

STUDENT CONDUCT (Board Policy 5131)

The governing board believes that all students have the right to be educated in a positive learning environment free from disruptions. On school grounds and at school activities, students shall be expected to exhibit appropriate conduct that does not infringe upon the rights of others or interfere with the school program.

Behavior is considered appropriate when students are diligent in study, neat and clean, careful with school property, and courteous and respectful towards their teachers, other staff, other students and volunteers.

Prohibited student conduct includes but is not limited to:

1. Behavior that endangers other student and/or staff.
2. Behavior that disrupts the orderly classroom or school environment.
3. Harassment of students or staff, including bullying, intimidation, hazing or any other verbal, written or physical conduct that causes or threatens to cause bodily harm or emotional suffering.
4. Damage to or theft of property belonging to the district, staff or other students
5. Possession, use or sale of alcohol, tobacco or other drugs.
6. Possession or use of laser pointers, unless used for a valid instructional or other school-related purpose.
7. Profane, vulgar or abusive language
8. Plagiarism or dishonesty in school work or on tests
9. Inappropriate dress
10. Tardiness and unexcused absence from school
11. Failure to remain on school premises in accordance with school rules

DISCIPLINE (Education Code, Sections 48900-48926)

Los Molinos Unified School District utilizes all avenues provided by law to reduce the use of off-campus suspensions. These include, but are not limited to, advising and counseling students, conferencing with parents/guardians, detention, alternative educational environments, written behavioral contracts, referral to a community or law enforcement agency, if necessary. Suspensions and/or expulsions will be used as required by Education Code or when the alternatives to suspension are exhausted, ineffective or not appropriate due to the nature of the behavior.

The Governing Board recognizes that maintaining an educational environment, which promotes learning and protects the health, safety, and welfare of all students, may require the suspension or expulsion of a student from regular classroom instruction for a period of time deemed necessary to correct the behavior of that student.

A pupil may not be suspended or expelled for any of the acts enumerated unless that act is related to school activity or school attendance occurring within a school under the jurisdiction of the Superintendent or principal or occurring

within any other school district. A pupil may be suspended or expelled for acts which are enumerated in this section and related to school activity or attendance that occur at any time, including but not limited, to any of the following:

- (1) While on school grounds.
- (2) While going to or coming from school
- (3) During the lunch period, whether on or off the campus.
- (4) During, or while going to or coming from, a school sponsored activity.

Grounds for Disciplinary Action as defined by Education Code, Section 48900:

- a. Caused, attempted to cause, or threatened to cause physical injury to another person
 - a.2 Willfully used force or violence upon the person of another, except in self-defense. The term “use of violence” upon another includes “offensive touching”, such as spitting on another person. The contact does not have to involve physical injury.
 - b. Restorative Practices & Alternative Discipline

Los Molinos Unified realizes that the removal of a student from the instructional setting must be used as a last resort and used only when a student's presence causes or is reasonably foreseen to cause danger to the campus. Los Molinos Unified emphasizes the need for all students to access the curriculum and support services every day in order to develop academically and social emotionally. The purpose of Los Molinos Unified's restorative practices is to build healthy communities, increase social capital, decrease crime and anti-social behavior, repair harm and restore relationships.

Non-Dangerous Offenses**Multi-Tiered Systems of Support (MTSS) and Restorative Practices (RP)**

In California, MTSS is an integrated, comprehensive framework that focuses on Common Core State Standards, core instruction, differentiated learning, student-centered learning, individualized student needs, and the alignment of systems necessary for all students' academic, behavioral, and social success. California has a long history of providing numerous systems of support. These include the interventions within the RtI² processes, supports for Special Education, Title I, Title III, support services for English Learners, American-Indian students, and those in gifted and talented programs. MTSS offers the potential to create needed systematic change through intentional design and redesign of services and supports that quickly identify and match the needs of all students.

Restorative Practices is an effective alternative to exclusionary practices (suspensions and expulsions) to wrongdoing. Restorative Justice it brings together persons harmed with persons responsible for harm in a safe and respectful space, promoting dialogue, accountability, and a stronger sense of community. Restorative Practices should be restorative, reflective and instructional.

Tier 1: Consists of rules, routines, and physical arrangements that are developed and taught by school staff to prevent initial occurrences of behavior the school would like to target for change. Tier 1 also includes preventative services to support students Social Emotional Learning, Restorative Practices, and a positive school climate.

Tier 2: Interventions occur above and beyond Tier 1 supports and are utilized in response to one of the following education code violations. Students may be referred to Tier 2 services in lue of being suspended. Tier 2 services should be more intensive than Tier 1 supports and may include small group programs, mentoring support, individual counseling, problem solving circles, restorative conversations, hallway conferences, peer mediations, peacemaking, written agreements, and meaningful detentions. Any student who is referred to Tier 2 supports should have scheduled follow up meetings to address the progress.

Tier 3 services should be more intensive than Tier 2 supports. Tier three supports may include individual counseling, case management, referrals to the school site team, intervention circles, youth court, mediation, formal contracts. Tier 3 supports should have scheduled follow up meetings to address the progress.

Students who do not respond to Tier 3 interventions services shall be recommended for transfers to alternative education programs and/or recommended for expulsions.

LEAVING SCHOOL GROUNDS (Education Code, Section 44808.5)

Note: Los Molinos High School is a closed-campus facility (Board approved).

EMERGENCY NOTIFICATION

The emergency procedure card is one of the most important forms we have at the school. Not only does it provide a quick reference for phone numbers for minor illnesses, it also gives important health information that might be vital during an emergency. Most importantly, your signature would allow the school and your doctor to provide emergency care during a time when you were unavailable. Without this card and your signature, the school would be virtually helpless to do anything until you could be contacted. Please try to provide at least one phone number of a friend or relative in this area

who can assume responsibility for your child.

GROUP ACCIDENT INSURANCE

The Los Molinos Unified School District does not provide medical or dental expense insurance for students injured while at school or while participating in school activities. Parents who do not have insurance programs are encouraged to subscribe to a group insurance plan for their children enrolled in the schools of this district.

The district is providing the opportunity to parents wishing to take advantage of group accident insurance for their children. Information regarding the coverage will be sent home by the school of attendance. *All students in grades K-12 participating in sports must have insurance coverage.*

STUDENTS DRESS AND GROOMING (K-12) (Board Policy 5132)

The Governing Board expects all students Grades K-12 to be attired and groomed in a manner that is conducive to a safe, secure and positive learning environment. Therefore, the Board prohibits dress and grooming of students which obstructs, inhibits or detracts from the instructional program or creates safety concerns.

Nothing stated in Administrative Regulation 5132 A-I is to be interpreted to limit the responsibility and obligation of all staff to make and enforce regulations in the interests of safety demonstrably involved in any specific teaching situation.

- A. School is a place where the best possible educational environment must be created and maintained. Appropriate dress and grooming are necessary in order to maintain order, provide a safe school environment, and promote discipline. The Board of Trustees encourages pupils to dress appropriately for school. The Board believes that pupils should be neatly and cleanly dressed. Dress or grooming that draws undue attention to the wearer or detracts from the educational process is unacceptable.
- B. This dress code applies to all students regardless of gender and will be enforced at school sites, at school functions, and on school buses. The dress code is adopted to promote standards of dress and grooming that promote a safe school setting conducive to a positive learning environment. These regulations are intended to prohibit student dress or grooming practices which:
1. present a hazard to the health or safety of the student or others;
 2. interfere with school work, create disorder, or disrupt the educational program;
 3. cause excessive wear or damage to school property;
 4. prevent the student from achieving educational objectives (e.g., blocked vision or restricted movement);
 5. incite pupils so as to create a clear and present danger of school disruption or the commission of unlawful acts;
 6. conflict with this Board's philosophy and goals on the prevention of drug abuse and gang activity.

- C. Each school site has their own dress code matrices.
 - D. SAFETY: Nothing stated here is to be interpreted to limit the responsibility and obligation of certificated staff to make and enforce regulations concerning control of hair, clothing, or jewelry in the interest of safety demonstrably involved in any specific teaching situation. All of the above must conform to acceptable standards of appearance.
 - E. ENFORCEMENT: Enforcement is the responsibility of all staff. The dress code will be distributed to parents in writing through either first day packets or school student handbooks. Whenever a student attends school with inappropriate dress, the classroom teacher will explain the violation and refer the student to the site administration.
 - 1. First Referral – The student will receive a documented warning, he/she will be expected to change into appropriate clothing, the parents will be notified, and the dress code will be reviewed with the student.
 - 2. Second Referral – In addition to the above, the student will also receive one (1) lunch detention.
 - 3. Third Referral – In addition to the first and second referral, the student will receive three (3) lunch detentions and a Saturday School.
